

Remembrance Balloon Launch, 2017

Balloon in memory of **Arthur Brain** found in a field on 15 /11/17 close to junction of M6 and M6 Toll

This balloon, in memory of **John William**, was found in Brackley, Northamptonshire. I opened my back door at 2am this morning as my dog was barking, and there in front of me was this balloon. A lovely idea and wonderful surprise (especially as I was born in Stafford).

William Beardmore- found just outside Rugby, Warwickshire

Val Filmer - Found Friday 24th November 2017, in the field behind the Recreation Ground on Tithe Farm Rd, Houghton Regis, Beds Lu55jd

George Mountford – found at Tean, Stoke-on-Trent

Edward Goodwin & James Henry-Ward – found at Berkswell, between Coventry and Birmingham.

William Seth Booth. It had made it all the way to Hove (Brighton and Hove) in a field overlooking the channel. It was rather poignant. Balloon still had enough helium to fly on when released from the weight of the label and was heading out over the channel. Can't think many could have got further.

Following the launch of 100 heart shaped balloons on Monday, 13th November 2017, kind members of the public have been emailing information about the locations of where our 100 dedicated balloons have been found. We will continue to update the map as and when more balloons are found.
